

به نام خدا

Csharpers Project standards

Category	Topic	Explanation	Standard number
Documentation	Document naming standard	از این الگو پیروی میکند: FileName - {W / P / E} {V}{VersionNumber} W: Word, P: Pages, E: Export	1
	Document type handling	1) If working with Pages -> export a .docx and a .pdf version of the latest changes with naming standards as above. 2) If working with Word -> export a .pdf version of it with naming standards as above. 3) Making PDF is better view, not required.	2
	Document font	- The suggested font is Mj_Casablanca family (font file is in 'Documentation' folder) - To type English numbers, use Helevetica Neue	3
	Document date	The date should be inserted at upper left of every page	4
اشاره به اطلاعات قبلی	اشاره به تسک از WBS	مثال: WBS-12 یعنی اشاره به تسک شماره 12 از WBS	5
